Date of allotment: 23 Aug 2026
Date of submission: 24 Oct 2026
Academic Task Type: Project

Course code: INT315
Course title: CLUSTER COMPUTING
Maximum Marks: 30

Question Number	Question Statement	Course Outcome	Bloom's level	Marks per Question
Q1	The project-based assignment aims to provide students with a platform to demonstrate their understanding and practical application of concepts covered in the course. The primary objective of this assignment is to enable students to translate theoretical knowledge into practical implementations. Students will design, develop, and document a project that integrates multiple components of the syllabus, fostering a deep understanding of concepts while encouraging creativity and technical proficiency. The marks distribution for the project-based assignment is as follows: 15 marks for the implementation, 5 marks for the report, and 10 marks for the presentation and viva.	CO4, CO5, CO6	L6: Create	30

Important Note:

1. In case, any faculty members wants to split any Question into two sub parts of 5 marks each the same can be done after the consent from the concerned HOD.

Standard Template for Academic Tasks (26271)

2. In case of MCQ based CA or term paper or design problem etc. the faculty member can add or remove the number of rows as required.
3. The template for academic task is only applicable for theory courses and not for practical and Project/Dissertation courses.
4. Each faculty member must also upload the soft copy of the duly filled template on the UMS interface at the time of CA allocation.
5. The faculty can also use this standard template as Question paper after adding the fields such as Reg.No, Roll No, Section, Group, Set Number etc.
6. In case any academic task is mapped with two course outcomes then it is necessary that two Questions out of three (one each for a course outcome CO) must be as per the particular course outcome whereas the third question can be from framed from any of the two course outcomes for that particular academic task as per choice of the faculty member.
7. For more detailed information regarding the outcome based evaluation and revised bloom's taxonomy, kindly refer to Annexure-II: Examination reform policy
